Student Feedback

- * I thank you from the bottom of my heart for never letting me down.
- * My gratitude to you for all you have done, which I will never forget.
- * Be specific and provide examples when commenting on the course or the instructor.
- * Speak based on your own experiences, not on behalf of your classmates.
- * Focus on observable behaviours of the instructor (or) on specific aspects of the course.
- * A record of guidance meant to help someone in the workplace improve and develop professionally.

The Program went good. The information which we gained from the resource person ~~was~~ is very useful. I loved the seminar and enjoyed it. Overall the event was good and informative. We got more information about competitive examinations and many scopes of mathematics in different field. I thank the mathematics department to conduct this seminar which has been so useful to all the students
