Anti Sexual Harassment Cell

Report on Collage program

The collage program was conducted at Physics lab from 11 a m to 12 noon. Ten students participated in the collage program. The title of the program was Information of Sexual harassment through Collage. The student designed the collage nicely. They have taken the information in social media like Crime burros, news- paper references, web search, e journal and e-book search.

The student presented the collage in very attractive way by writing the slogan of sexual harassment, POSH highlights, listed different register cases, news paper issues. They enjoyed it very much while doing the collage.

After finishing the collage program it was displayed to our college students, teaching, non teaching and office staff till 2: 30 p m. Finally the College viewers selected the best College among 5 colleges. The best one was submitted to the convenor for authenticity. The participants and viewers are about 50. Students and teachers gave the feed- back that we can implement this in the cultural activity cell Spoorthy of our college. The convenor noted the point.
