## **Seminar Report: Recent Trends on Computer Applications and Personality Development for BSc Students**

**Date: 30/08/2018**

**Venue: Akkamahadevi Seminar Hall**

**Objective:** The seminar aimed to enlighten BSc students about recent trends in computer applications while also emphasizing the importance of personality development in their academic and professional pursuits.

### **Key Points Discussed:**

**Recent Trends in Computer Applications:** Overview of emerging technologies such as artificial intelligence (AI), machine learning (ML), blockchain, and Internet of Things (IoT). Applications of these technologies in various fields including healthcare, finance, agriculture, and education. Importance of staying updated with technological advancements and acquiring relevant skills.

**Personality Development:** Definition and significance of personality development in personal and professional growth. Key components of personality development including communication skills, emotional intelligence, leadership abilities, and time management. Strategies for enhancing these skills through workshops, seminars, self-reflection, and continuous learning. Integration of Computer Applications. Exploration of how advancements in computer applications can aid in personality development.

**Presentations and Activities:** Various speakers delivered presentations on topics related to recent trends in computer applications and personality development. Interactive sessions were conducted to engage participants in discussions and activities aimed at enhancing their understanding and skills.

**Outcomes and Conclusions:** Participants gained insights into the latest trends in computer applications and their potential impact on various industries. Awareness about the importance of personality development was raised among BSc students, emphasizing the need to develop a well-rounded skill set for success in the modern world. The seminar provided a platform for networking and exchange of ideas among students, faculty, and industry experts.

**Acknowledgments:** Express gratitude to the organizers, speakers, sponsors, and participants for their contributions towards the success of the seminar. This report serves as a summary of the key highlights and insights shared during the seminar on recent trends in computer applications and personality development for BSc students.

**Total Number of Students Participated :- 57 No's.**
