go ahead, take a look...

# PROSPECTUS

**Dear Students/ Parents**

# Welcome

Sree Siddaganga College of Arts, Science and Commerce for Women Tumkur, was established in 1982 by His Holiness Karnataka Rathna, Dr. Sree Sree Shivakumara Swamiji, President of Sree Siddaganga Education Society in order to promote Women's education for emancipation, empowerment and enlightenment. By the blessings and guidance of His Holiness Dr. Sree Sree Shivakumara Swamiji and Sree Sree Siddalinga Swamiji & guidance of Hon. Secretary Sri T.K. Nanjundappa, this college has progressed from 1200 students in the year 2000 to 1784 in 2022. This increase in number of girl students clearly indicates that our college is the first choice as it is located in the heart of the city and provides excellent infrastructure and able faculty. In this connection I congratulate you and your parents for selecting this college to mould your dreams into reality.

As you browse through this prospectus, you realize that this college provides excellent academic environment as well as a platform for your total development in the fields of soft skills, sports, NSS, NCC and other development activities. We serve to make you better. In the process of graduation in the next three years you will be asked to do many activities on your own like experiments, projects, seminars, event management to promote experiential learning. Teachers are always there to help you to understand this world which is filled with joy of learning, unlearning and relearning.

There are about 32 committees to look after curricular, co-curricular and extra-curricular activities. Students are made as volunteers, which stimulates leadership qualities in them.

About 90% of students will receive Various Scholarships from state government and organizations which is rewarding both for parents and students. Parents are informed to meet the class teachers, HOD's and Principal to know about academic progress of their daughters.

In line with New Education Policy implementation, under the guidelines of Tumkur University, we have geared up to admit second batch of students under NEP-2020, which envisages student centric quality higher education. The college is well prepared to meet the aspirations of student community.

I take this opportunity to thank The Governing Council members of SSES and the Secretary Sri. T.K.Nanjundappa for their guidance and help. I also thank Teaching and Non-teaching staff, who are responsible for the growth of this College.
